

Spring Term Round Up

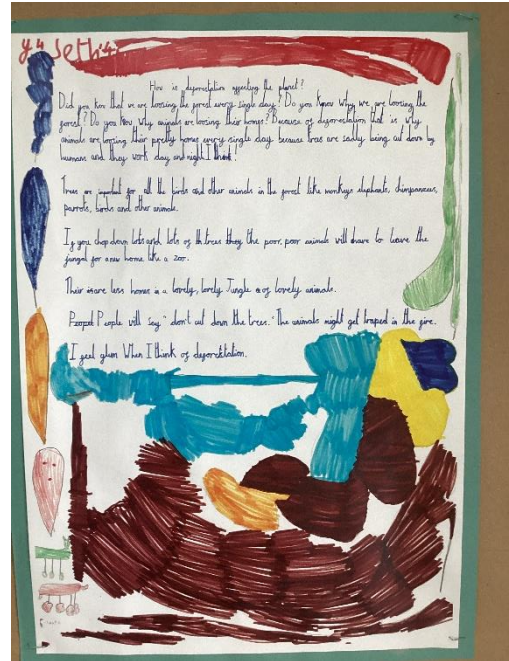

As we come to the end of the Spring Term, I wanted to share some of the amazing things that have been happening in school this term. Some of the work we do is obvious, but some things happen behind the scenes and it is important everyone knows what we've all been working on.

Wonderful Writing

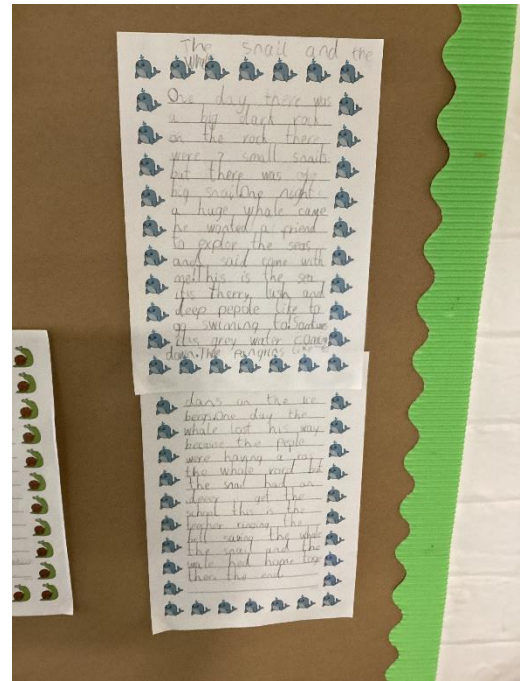

Our children are fantastic writers, and this term we have been working on giving them more opportunities to write at length. Recently, they have all had the chance to publish a piece of writing, taking care to present it beautifully for an audience.

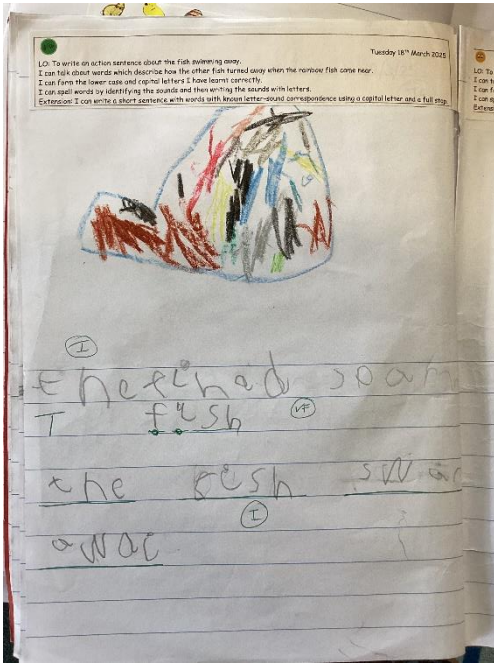

Willow Class wrote some reports about deforestation

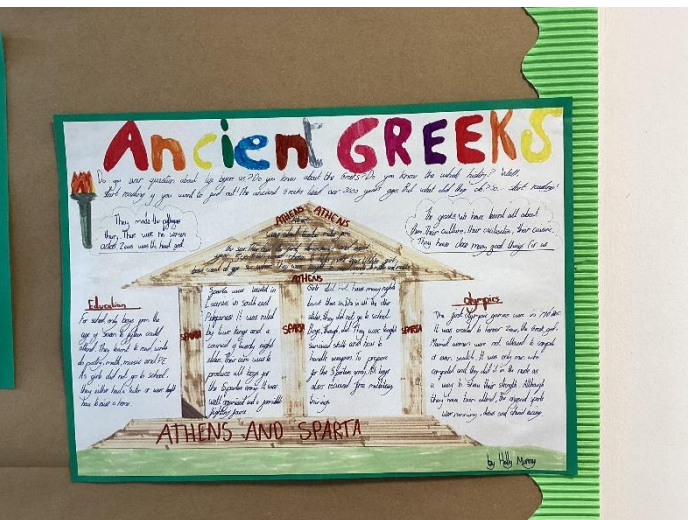

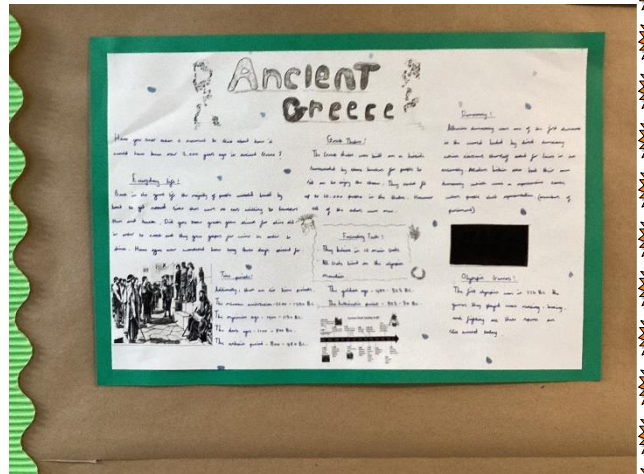

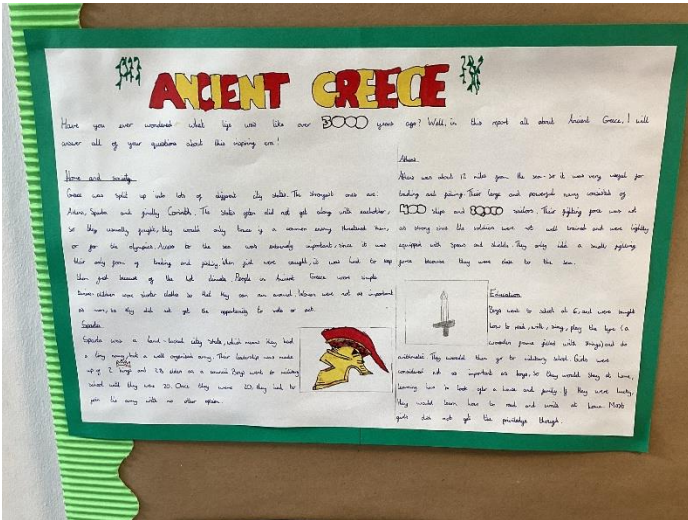

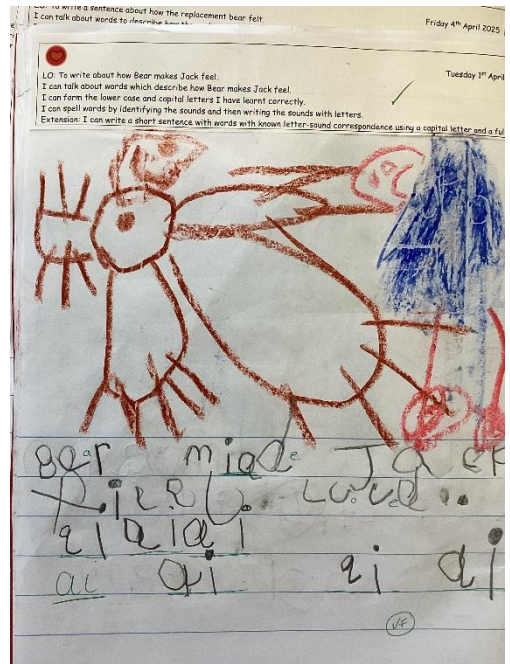

Oak Class have been retelling the story of 'The Snail and the Whale' by Julia Donaldson

We are so impressed with the emerging writing from our Brambles Class.

In Elm Class, our oldest children used the knowledge they had gained in History to write these fantastic reports about Ancient Greece.

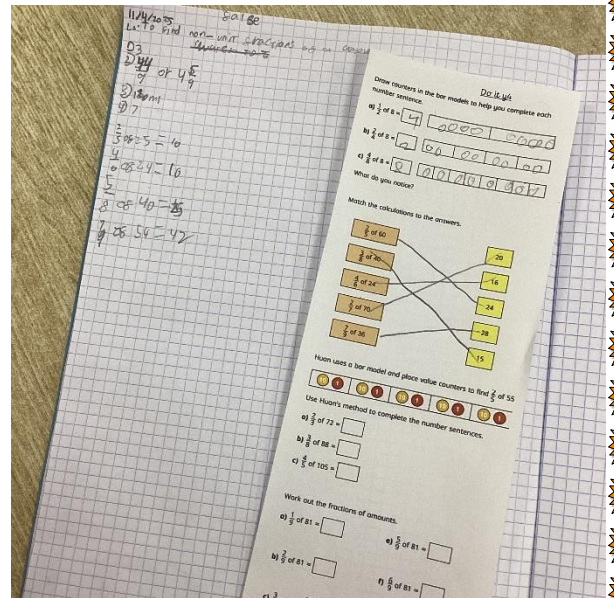

Remarkable Reading

Miss Waring, our English lead, organised lots of fun activities for World Book Day, including putting on a Play in a Day. We all enjoyed dressing up as our favourite book characters and creating some exciting storylines to perform to the rest of the school. Throughout the term we have been developing our love of books through regular Guided Reading lessons in class, and by enjoying whole class stories at the end of the every day.

Marvellous Maths

Miss Unitt, our Maths lead, has been doing some great work with teachers to make our maths lessons even better. Every day children have the opportunity to practice their recall of key maths facts before completing their learning for the day. This is helping them become really fluent in the important number facts that underpin everything else that they learn in maths. We have also been making excellent use of the practical resources that were purchased in the Autumn.

Super Science

We have been really busy with our science learning throughout the term, including a real celebration of all things science related in Science Week.

Brilliant Behaviour

As a staff team we have been having a lot of conversations about how we manage behaviour in school. We want to make sure we are celebrating all the positives that are happening, recognising those children who consistently do the right thing. We also want to make sure we are fair and consistent with dealing with any incidents that occur. To do this, we have re-written our behaviour policy and simplified our school rules – making them simply 'Be Ready', 'Be Respectful', 'Be Safe'. More information about this will be shared after the holiday, when we introduce the new policy to the children.

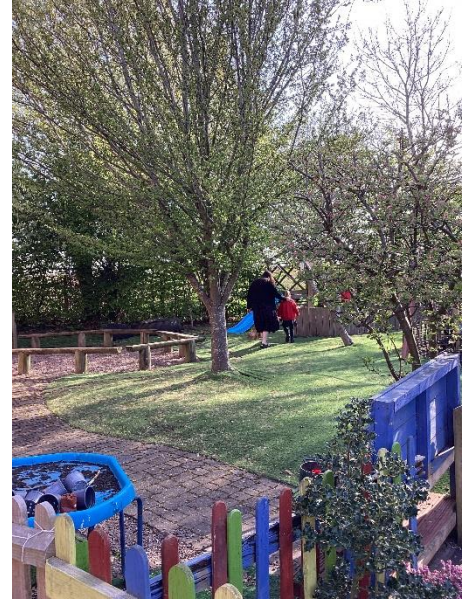

Sporting Successes

Our children have had lots of opportunities to take part in sport this term, both in school through their regular PE lessons and sessions with sports coaches, and out of school when they have represented the school at competitions and festivals. Miss Field, our PE subject leader, does a great job of organising these events to give the children the chance to practice their skills in different situations.

Last but not least...

What better way to finish the term than by getting outside to hunt for Easter Eggs? Thank you to our PTA team, and the visiting Easter Bunny for giving the children a great memorable experience to finish the term.

Coming Up...

We have an action-packed summer term to look forward to including:

- Bell Boating
- Cricket Festival
- Kidderminster Harriers Visiting
- Amazing Art Theme Week
- Elm Class Entrepreneurs
- Summer Colour Run
- Whole School Outing
- And Much More...

We hope you have a wonderful Easter Holiday and we look forward to welcoming everyone back for the summer term.

Miss Templeton
